Who are we?

St Loye's Foundation is a national charity based in Exeter, Devon with satellite offices in Warrington and Wales. We offer over 70 years' experience in training, developing and supporting people with physical or mental health issues and disabilities into lasting employment.

What do we do?

We provide people with the skills and experience they need through our range of training courses and personalised development and support packages. This empowers people with the skills, confidence and ability to secure lasting employment.

How do we do it?

We pride ourselves on our person centred approach. We treat each person as unique, addressing their own specific requirements and needs, whilst ensuring a realistic employment goal. We achieve this through a dedicated team of case managers, development and support workers as well as employment consultants.

What training courses do we offer?

We offer a range of in-house courses as well as a number of courses offered through outsourced training providers.

Our in-house range of courses includes:

-  Horticulture and Land Based skills
-  Hospitality and Catering
-  Microsoft IT Academy
-  Health & Safety in the Workplace
-  Business Skills
-  Design
-  Engineering
-  Health & Social Care
-  Customer Care
-  Food Hygiene

How do we fund it?

Part of our funding is received from the Government, but we rely on voluntary donations to undertake our vital work and help to make a difference to people's lives.
